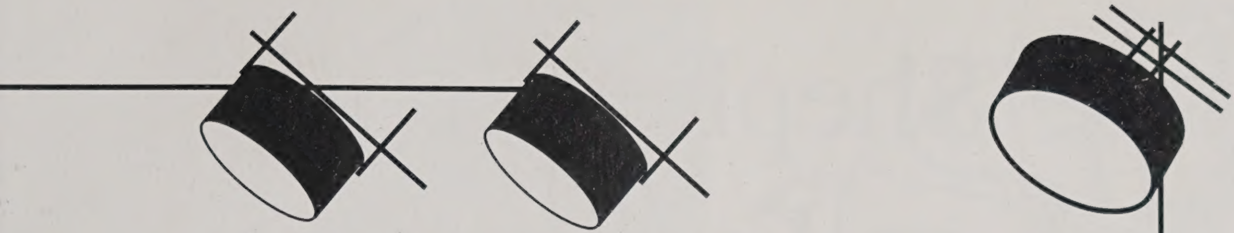
Class of



1998

The members of the class of 1998 were not even born when Shepherd Hill opened its doors in 1973. Now we have been together since seventh grade. Soon Shepherd Hill will be changed forever with the construction of two new middle schools. We will be one of the last classes to be together so long. Now as our senior year draws to a close it is Our Time in the Spotlight.

Christine,
We wish your eyes could see
the things we see in you...

The countless hidden talents
so beautiful and rare...

Today, we wish you'd look inside
and see the strength we do...

Believe that all you need to
make your dreams come true,
is waiting there for you.

You have grown into such a wonderful person. It has not always been easy for you but you prevailed. We have watched you grow from your first day at school to seeing through soccer, softball, cheerleading, learning to drive and most recent, the birth of your daughter. You have matured during this past year to someone that we are all proud of. We know that as you graduate and start the next phase of your life that you will go far. Always remember you can accomplish anything you set your mind to.
Love, Dad, Mom and Christine
